

**Dental Postgraduate Program in Endodontics
Curriculum by Terms**

9-months September-May

Fall /Sept-December			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
652	Clinical Endodontics/Assistance	16	Assist/Observe
653	Seminar in Endodontics	4	Assist /Audit Participate in Discussion
659	Current Literature Review in Endodontics	2	
660	Case Presentation & Treatment Planning	2	
661	Pharmacology and Medicine in Clinical Endodontics	1	
617 727	Principles in Endodontics I and II	2	Assist /Observe
	Core Courses/Directors*		Assist /Audit Participate in Discussion
606	Mineralised Tissues	2	
610	Research Methods and Graduate Oral Health Sciences	2	

Winter/ January-March			
Course	Topic	Hours/ Week	Participation

651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
652	Clinical Endodontics/ Assistance	16	Assist /Observe
653	Seminar in Endodontics	4	Assist Audit Participate in Discussion
656	Biology of the Dental Pulp for the Endodontist	2	
657	Surgical Endodontics	4	
659	Current Literature Review in Endodontics	2	
661	Pharmacology and Medicine in Clinical Endodontics	1	
	Core Courses/Directors*	2	Assist /Audit Participate in Discussion
602	Neural Basis of Oral and Facial Function	2	
612	Molecular Biology in Clinical Dentistry	2	
614	Oral and Maxillofacial Pathology	2	
Spring/ April-May			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
837	Undergraduate Endodontic pre-clinic course	8	Assist /Observe
652	Clinical Endodontics/ Assistance	16	Assist /Observe
653	Seminar in Endodontics	4	Assist /Audit Participate in Discussion
659	Current Literature Review in Endodontics	2	
660	Case Presentation & Treatment Planning	2	

661	Pharmacology and Medicine in Clinical Endodontics	1	
------------	---	---	--

Core Courses: * Based on individual course directors permission to participate

	Other CE courses	
CE	Endodontology	24h
CE	Endodontic Surgery	8h
CE	Hands On Surgery course	8h
CE	AAE Annual Meeting	32h
CE	MAE Meetings	8h

CE: Continuing Education

12-months January-December

	Winter/ January-March		
Course	Topic	Hours/Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
652	Clinical Endodontics/ Assistance	16	Assist /Observe
653	Seminar in Endodontics	4	Assist Audit Participate in Discussion
656	Biology of the Dental Pulp for the Endodontist	2	
657	Surgical Endodontics	4	
659	Current Literature Review in Endodontics	2	

661	Pharmacology and Medicine in Clinical Endodontics	1	
	Core Courses/Directors*	2	Assist /Audit Participate in Discussion
602	Neural Basis of Oral and Facial Function	2	
612	Molecular Biology in Clinical Dentistry	2	
614	Oral and Maxillofacial Pathology	2	
Spring/ April-June			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
837	Undergraduate Endodontic pre-clinic course	8	Assist /Observe
652	Clinical Endodontics/ Assistance	16	Assist /Observe
653	Seminar in Endodontics	4	Assist /Audit Participate in Discussion
659	Current Literature Review in Endodontics	2	
660	Case Presentation & Treatment Planning	2	
661	Pharmacology and Medicine in Clinical Endodontics	1	
Summer /June-August			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin.
652	Clinical Endodontics	16	Assist /Observe
653	Seminar in Endodontics	8	Assist/Audit Participate in Discussion
659	Current Literature Review in Endodontics	2	

660	Case Presentation & Treatment Planning	2	
Fall /Sept-December			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
652	Clinical Endodontics/Assistance	16	Assist/Observe
653	Seminar in Endodontics	4	Assist /Audit Participate in Discussion
659	Current Literature Review in Endodontics	2	
660	Case Presentation & Treatment Planning	2	
661	Pharmacology and Medicine in Clinical Endodontics	1	
617 727	Principles in Endodontics I and II	2	Assist /Observe
	Core Courses/Directors*		Assist /Audit Participate in Discussion
606	Mineralised Tissues	2	
610	Research Methods and Graduate Oral Health Sciences	2	

Core Courses: * Based on individual course directors permission to participate

	Other CE courses	
CE	Endodontology	24h
CE	Endodontic Surgery	8h
CE	Hands On Surgery course	8h
CE	AAE Annual Meeting	32h
CE	MAE Meetings	8h

CE: Continuing Education

6-months January-June

Winter/ January-March			
Course	Topic	Hours/ Week	Participation
651	Pre-Clinical Endodontics	8	Perform lab procedures on models and manikin
652	Clinical Endodontics/ Assistance	16	Assist /Observe
653	Seminar in Endodontics	4	Assist Audit Participate in Discussion
656	Biology of the Dental Pulp for the Endodontist	2	
657	Surgical Endodontics	4	
659	Current Literature Review in Endodontics	2	
661	Pharmacology and Medicine in Clinical Endodontics	1	
	Core Courses/Directors*	2	
602	Neural Basis of Oral and Facial Function	2
