**Home Page**

- Whole Room will route the Opiritory 1 PC to all Opiritory monitors.
- Side A will route Opiritory 1 PC to Opiritory monitors 1-10.
- Side B will route Opiritory 11 PC to Opiritory monitors 11-20.
- Sim Lab will route the active video presentation to all Opiritory monitors.

**User Control Page**

- Your Room mode is identified on the top of the control page.
- Select your video source.
- Use the "Mute" "Vol Up" and "Vol Down" icons to control source audio level. Mute will mute all microphones and source audio.
- Mics are independently muted and adjusted using the mic controls.
