

Fees for Graduate Students taking the 2023-2024 CDCA - CIF Examination

1. Manikin practice session (optional) - \$625 September 2023-October 2023

Any graduate student or faculty member wishing to attend the manikin practice sessions in September with the D4 students will need to pay a \$625 fee for materials and instruments. **This fee is due when you pick up your instruments from Dental Stores.** Dental students are assessed this fee as part of their senior year tuition and fees.

For this fee, you will be provided:

- 24 Practice teeth (Endo & traditional)
- 8 Restorative teeth
- 26 Burs (Diamonds)
- 4 Burs (Endo)
- 12 .04 Tapered Hand Files
- 13 Burs (Carbide-restorative)
- Composite materials, Bond, etch, composite and matrices

Additional supplies can be purchased from Dental Stores. Candidates will also have access to the following non-consumable supplies that must be returned after the last practice session in October. These include:

- Handpieces
- Manikin head
- Bench/Chair mount
- Endo instrument Roll-up/Restorative instruments
- Prosthodontic tub with Instruments

All other consumables will be available as needed such as paper points, gutta percha, rubber dam, gloves, manikin face masks, etc.

2. CDCA site use fee - \$750 (mandatory for all candidates)

All Graduate student CDCA candidates must pay this fee even if you decide to bring instruments from other sources. The \$750 is due by October 9, 2023 and is payable at Dental Stores. This fee allows the candidate access to the predoctoral instrument/supply system and includes use of all necessary handpieces, instruments, materials, and staff services for the manikin and clinical CDCA examinations. Dental students do not pay this fee as they already pay a substantial yearly instrument usage fee. Please note that this fee is significantly less than similar fees charged at other dental schools.
